SETTING CULTURE STANDARDS

WWW.EQUENTI.COM

Setting and maintaining standards for workplace culture and behaviour is so critical, and this tool will help you to have valuable conversations with your team about 'above the line / below the line' behaviours. This one is simple to use and pretty much self explanatory...

Chat with your team about the workplace mojo you collectively value - the good stuff goes 'above the line' and the troubling and undesirable behaviours are 'below the line'.

From here, you'll have a baseline for conversations about standards in the team.
